Discussion:

- We reviewed the financials. Tournaments are good and there are high hopes for June final numbers. Through the 15th of July we are ahead of schedule
- A company, Inclubgolf, has expressed interest in renting the exercise area. Larry will investigate.
- We discussed the condition of the golf course (the course is holding up during the extreme heat). Will try to run blowers on driving range to clean the mats and replace the rubber tees.
- Discussed the need to emphasize that any certificates need to be used by 12/31.
