

G-CAT Board Meeting 11/19/2012

In attendance:

Loren Janulewicz
Larry Ransford
Irene Young

Discussion:

- We reviewed the financials. Play was down in October so we had a small loss, expect similar for November. There is enough money in the bank to get us to April even if we have some bad winter months.
- Ed has already booked 11 tournaments for next year.
- Letters have been sent to annual pass holders with the information for renewal. We discussed the concern of some Metro District annual passholders that they were not getting the appropriate price discount. The 10% discount that is being offered is about equal to the metro district tax for the year. The board feels that is a correct adjustment.
- The Golf Course at Heather Ridge will participate in the Denver Golf Expo.
- Patios are now being build that encroach on golf course properties. Will need the Metro District to get involved with the HOA's to resolve this issue.
